A Letter from the President

At Northcentral Technical College (NTC), we’re changing the future every moment. When you consider that 2/3 of the fastest growing occupations will require a college education, I am proud of the fact that NTC graduates stimulate local economic development by putting their premier education to work right here in north central Wisconsin.

A bright future for our graduates is evident in the 2016 NTC Graduate Outcomes Report. Our graduates are finding success and achieving their potential, with 54 percent of the Class of 2016 employed within one year of graduating.

Many students also choose to continue their learning by transferring to one of our 50+ University of Wisconsin and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities, including Michigan Tech, UW-Stout, and private four-year universities,
