

Dear {Student first name}:

Your request for Summer semester CARES Act emergency student assistance funding is being denied at this time because we were unable to make a determination of whether you were a Title IV eligible student. The NTC CARES Fund team uses the Free Application for Federal Student Aid (FAFSA) data to determine Title IV eligibility.

We strongly encourage all who are able, to complete the FAFSA to determine Title IV eligibility, which is a requirement of the US Department of Education to receive CARES funding. It is to your benefit to complete the FAFSA, as funding options for those who do not submit one may be limited.

If you have questions or need assistance, please reach out to our Financial Aid Office (financialaid@ntc.edu or (715) 803-1647).

If unable to complete a FAFSA please contact your student success advisor to discuss other options. Not sure who your advisor is? View the Student Success Advisor Directory by clicking on: <https://www.ntc.edu/students/academic-advising>

Be well.

NTC Cares Fund Team
