

Northcentral
TECHNICAL COLLEGE

Get SMART.

Science & Math Activities using Real-World Thinking

A day of hands-on fun and exploration for 5th - 8th grade students and an adult companion.

Sign up today and choose two of the following activities to explore:

GET MICRO FOR A BIT

Electromechanical

Explore the world of microcontroller programming as you program a BBC Microbit to display messages, play games and much more! Are you ready to get micro for a bit with Microbit?

HAVE A BLAST MAKING A CANNON

Machine Tool

Join the Machine Tool team to make a miniature cannon. You will learn how to program CNC machines to make parts of the cannon and then actually run CNC mills and CNC lathes to make the cannon barrel.

THE ART OF WELDING

Welding

Stick it to winter with some spring art! Use your creativity and your new welding skills to create your own rustic garden sculpture.

MANUFACTURE A TIC-TAC-TOE BOARD GAME

Wood Science

Join us and use cutting-edge equipment and wood manufacturing technology to make your very own custom routed Tic-Tac-Toe Board Game!

Caution! There will be sparks, so dress appropriately: closed toed and closed heeled shoes, long jeans, tie back long hair.

Saturday, Feb. 22, 2020
9:00 a.m. - 3:30 p.m.
NTC Antigo Campus

Cost: \$25
