

UNINTENDED CONSEQUENCES

**Vaping
Risk**

**How Addiction, New Devices
and Punitive Policies
Continue to Harm Youth in
the E-cigarette Epidemic**

**WEDNESDAY, DECEMBER 1
1:30PM-3PM CST | ZOOM**

Learn about the youth nicotine epidemic and its connection to behavioral health throughout the COVID-19 pandemic. A distinguished group of panelists will discuss the basis of addiction, current data trends on youth use, and best practice in school policy. Discover community resources and partners that can support youth who experience tobacco and nicotine dependence.
