

## Earn College Credit Through Youth Apprenticeship

Youth Apprentices learn valuable skills through their experiences and have the opportunity to earn college credit for either completing their program or a prior learning assessment, which allows students to demonstrate their prior learning through a question-based assessment, skills demonstration or portfolio.

### **BENEFITS FOR STUDENTS:**

- **Save Time:** Earn degrees faster by testing out of courses and eliminating the need to enroll in and complete every course in their program
- **Save Money:** Earn credits at a fraction of the cost-per-credit of standard tuition

NTC is proud to offer over 250 assessments, designed to allow students to demonstrate prior learning through a question-based assessment, skills demonstration or portfolio.

Additional opportunities to earn credit through the Youth Apprenticeship program will be available in the future!

### **HOW TO GET STARTED**

Contact Dina Kilinski, Regional Youth Apprenticeship (YA) Coordinator, at 715.803.1190 or [kilinskid@ntc.edu](mailto:kilinskid@ntc.edu) to discuss next steps.

YA UNIT COMPLETED	NTC COURSE	NTC PROGRAMS	EARN CREDIT OR TAKE ASSESSMENT
<b>MANUFACTURING</b>			
Machining Unit	10-420-101 Introduction to Machine Shop	Machine Tool Operations Technical Diploma Machine Tool Technics Technical Diploma Manufacturing Technician Technical Diploma Basic Machining Certificate	Credit Granted
Welding Unit	10-442-101 Introduction to Welding	Electromechanical Technology Associate Degree Welding Fabrication & Robotics Associate Degree FCAW; GMAW; GTAW; SMAW Technical Diploma Machine Tool Technics Technical Diploma Manufacturing Technician Technical Diploma Welding Technical Diploma	Credit Granted
<b>TRANSPORTATION, DISTRIBUTION AND LOGISTICS</b>			
Diesel Technician Unit (1- or 2-year program)	10-412-120 Diesel Preventative Maintenance 1 10-412-127 Diesel Preventative Maintenance 2	Diesel Technology Associate Degree Diesel Equipment Mechanic Technical Diploma	Credit Granted
Auto Technician Unit (1- or 2-year program)	10-602-107 Auto Service Fundamentals	Automotive Technology Associate Degree Automotive Technician Technical Diploma	Credit Granted
Brakes & Hydraulics System Module within Diesel Technician Unit	10-412-119 Diesel Brake Systems 1 & 10-412-125 Diesel Brake Systems 2	Diesel Technology Associate Degree Diesel Equipment Mechanic Technical Diploma	Credit Granted
Distribution & Transportation Operations Unit	10-182-135 The Role of Logistics 10-182-136 Transportation Management	Supply Chain Management Associate Degree Supply Chain Assistant Technical Diploma	Credit Granted
Electrical/Electronic Systems Module within Diesel Technician Unit	10-412-118 Diesel Electrical Systems 1 10-412-123 Diesel Electrical Systems 2	Diesel Technology Associate Degree Diesel Equipment Mechanic Technical Diploma	Credit Granted
Inventory Management & Production Unit	10-182-125 Foundations of Inventory	Supply Chain Management Associate Degree Supply Chain Assistant Technical Diploma	Credit Granted
Planning & Purchasing Unit	10-182-127 Evaluating the Purchasing Process 10-182-128 Purchasing Process	Supply Chain Management Associate Degree Supply Chain Assistant Technical Diploma	Credit Granted
Storage & Warehousing Unit	10-182-135 The Role of Logistics 10-182-137 Warehousing	Supply Chain Management Associate Degree Supply Chain Assistant Technical Diploma	Credit Granted
<b>STEM</b>			
Engineering Drafting Unit	10-623-200 Interpreting Engineering Drawings	Manufacturing Engineering Associate Degree Safety Engineering Technology Associate Degree Wood Science Associate Degree Wood Technology Technical Diploma	Credit Granted
<b>AGRICULTURE, FOOD AND NATURAL RESOURCES</b>			
General Animal Unit and Large Animal/Herd Unit	10-091-104 Introduction to Animal Science	Agribusiness Associate Degree Dairy Science Associate Degree	Assessment*

\*Assessments are offered in the form of tests, skill demonstrations or portfolios. Assessment fees may be required. For more information, contact Dina Kilinski.
